

Meet Our Board

Philip Grandmont—Board Chair

Hi I'm Philip, Tamarack's Board Chair. One of the roles of the Chair is to facilitate the monthly meetings of Tamarack's Board of Directors.

The knowledge and life experiences of our board members always provide for a unique and constructive meeting. From my own recovery experience I have first-hand knowledge of how important, and almost essential, additional time in a safe recovery environment can be.

Without it, my struggles in early recovery probably would have resulted in relapse. Tamarack is a special place that provides that type of environment. I feel fortunate to be able to play a part in supporting the Tamarack Recovery Centre .
